

GROWING ALABAMA CREDIT

The Growing Alabama Act, found in Article 19a, Chapter 18, Title 40, Code of Alabama (1975), provides a funding mechanism for Economic Development Organizations (EDOs) to undertake certain projects for the purpose of stimulating economic growth.

Alabama taxpayers can make cash contributions to EDOs for approved qualifying projects and receive a Growing Alabama tax credit equal to their cash contribution. The credit can offset up to 50% of the tax liability for the following tax types:

- Income tax
- State portion of the financial institution excise tax
- Insurance premium tax
- State utility license tax

The credit may be carried forward for up to five years. The credit may be passed through to individual owners, shareholders, partners, or members of an LLC.

Before receiving any cash contributions, the EDO must apply to the Department of Commerce. All Growing Alabama Credit funding allocations must be approved by the Renewal of Alabama Commission. The Growing Alabama Credit for calendar year 2023 is capped at \$20 million.

For additional information regarding this program, please contact Angela Smith, Incentives Manager, at angelag.smith@commerce.alabama.gov or 334.353.8113.

CY 2023 APPLICATION DEADLINE AND COMMISSION MEETING SCHEDULE

Application Deadline

May 17

Commission Meeting

June 7

Additional 2023 application deadlines and meetings are TBD.

GROWING ALABAMA APPLICANT – ECONOMIC DEVELOPMENT ORGANIZATION

“Economic Development Organization” is a state or local economic development organization meeting each of these three criteria:

- (1) Is an Alabama entity not operating for a profit; and
- (2) Charged with improving the state or a region of the state; and
- (3) Has a record of supporting or otherwise participating in economic development efforts in Alabama.

A state EDO must confirm eligibility with Commerce prior to submitting an application.

QUALIFYING PROJECTS/USES OF THE FUNDS

1. SITE WORK AND PUBLIC INFRASTRUCTURE

Eligible Sites must be owned by the applying local EDO and intended for use by an industry or business as described in 40-18-372(1)

- Industrial sites that have either a pending expression of interest or an identifiable reason an industrial prospect rejected the site.
- Sites in Industrial or Research Parks that require connections to interstates, highways, roadways, rail systems, or sewer, fiber, electrical, gas or water infrastructure.
- Sites in Low-Income Community census tracts as defined by the New Market Tax Credit program found in 26 U.S. Code 45D(e).

2. CAPITAL IMPROVEMENTS AND ECONOMIC DEVELOPMENT ACTIVITIES

Eligible Sites must be owned by the applying EDO

- Inland Ports that are on a navigable river away from traditional land, air, and coastal borders.
- Intermodal Facilities which interconnects two or more different modes of air, rail, or road traffic serving multiple customers, and which involves storage facilities.

Eligible expenditures

- Capital improvements are construction and rehabilitation capitalized expenses at an inland port or intermodal facility, the dredging of waterways in the immediate vicinity of an inland port, and the expansion of onsite storage facilities at an inland port or intermodal facility.
- Economic development activities are activities and initiatives which enhance the use of, and flow of goods through, an inland port or intermodal facility.

3. AGRICULTURAL CENTER CONSTRUCTION & MAINTENANCE

Agricultural Centers must be owned by the applying EDO and have a projected total annual economic impact of at least \$35,000,000 and a projected capital expenditure of at least \$100,000,000.
